## COMMAND MODELS

*Certain Regiments have the option of taking Command Models. Each Regiment may only take each Command Model once. If the Command Model is removed as a casualty, all benefits are lost. A Command model is purchased on top of the model it replaces. In the case of Cavalry or Brute Stand you need to pay for the Stand and the Command Model.*

### **Armsmaster**

While both an Armsmaster and a Noble are alive in the Regiment, the Clash characteristic of the Regiment is increased by +1.

### **Count Palatine**

While the Count Palatine is alive, the Regiment's Clash Actions always count as Inspired.

### **Drillmaster**

While the Drillmaster is alive, the Regiment has the Fury Draw Event.

### **Errant of the Order of the Shield**

While the Knight of the Shield is alive, the Regiment's Clash Actions always count as Inspired. In addition, any Character in the Regiment has +1 Attack while fighting a Duel Action.

### **Neophyte**

While the Neophyte is alive, the Regiment has the Devout special rule.

### **Null Mage**

When an enemy Wizard attempts to cast a spell within 8" of a Null Mage, any of the Spellcasting dice rolled that do not come up as a success inflict a Wound on the Caster. These Wounds cannot be mitigated or saved in any way but do not trigger Morale Tests.

### **Servite**

While the Servite is alive, the Regiment has +1 March and +1 to Resolve.

### **Seasoned Veteran**

While the Veteran is alive, the Regiment has the Bastion Draw Event.

### **Tourney Champion**

While the Tourney Champion is alive, the Regiment adds 2 to its Charge distances.

## HEIRLOOMS

*Each Heirloom may only be included in your Army once.*

### BANNERS

#### **Standard of Steel** 65 points

*These are the challenge standards issued by the Legion of Steel. To have accepted this challenge, let alone survived, is a feat that gives pause to even the mightiest of opponents.*

Attacks directed at the Regiment bearing this banner never count as Inspired.

#### **Regalia of the Empire** 25 points

*The Regalia include a series of items, such as weapons, rods, a staff, clothing, rings, jewels and, of course, the Imperial Crown, composed of eleven smaller crowns. Being temporarily granted any of them means the bearer has secured the favour of the Conclave and acts in the name of the Hollow Throne.*

Household Guard Stands in the Character's Regiment have +1 Clash.

#### **Gilded Rampart** 20pts

*It is said that the Empire was forged not by the number of men Charles Armatellum commanded, but by their training and discipline. While all War Colleges carry the same legacy, the Gilded Legion has set a standard above even that. The impact that the handful of commanders that have earned the Gilded Rampart have on their men's drills is evidence enough.*

The Character Stand gains this Draw Event: Immediately perform a free Reform Action with the Character Stand's Regiment. The Character Stand then takes its Action.

#### **The Shroud of St. Lazarus** 20 points

*This banner still bears the faint outline of St. Lazarus. The cloth itself shines with power and faith and remains proof to fire and steel. This Theist relic has become a symbol of self-sacrifice and redemptive suffering, much to the anger of the Order of St. Lazarus.*

The Character, and all Stands in its Regiment, have +1 Resolve (to a maximum of 5) and the Fearsome special rule.

### ARMORS

#### **Armor of Dominion** 40 points

*Forged using techniques lost among the ashes of Capitas, these suits of armour were forged blending the faith and sorcery of the Old Dominion. The few that have survived the Fall are considered treasures without equal among the Hundred Kingdoms.*

Enemy Stands in contact with the Character lose the Cleave and Smite special rules while in contact with the Character.

#### **Indomitable Plate** 25pts

*The brutal last day of the Siege of Sieva has been the subject of study of many a military tactician and the source of inspiration of numerous troubadours. Whether he held the eastern tower for two hours by skill and masterful tactics or he endured the endless blows, arrows and even a ballista bolt, Commander Iugar the Steadfast has become a legend, his set of full plate armor a treasure of mystifying endurance.*

The Character Stand gains +1 Wound and +1 Defense.

#### **Bakkian Token** 15pts

*While their roots are often forgotten, the culture of the Hundred Kingdoms is steeped with references, superstitions and beliefs that have endured since the Old Dominion. Often fashioned after feathers to symbolize his fickle nature, bronze tokens of the trickster god Bakkus are still worn as good luck charms.*

The Character Stand gains +1 Evasion.

#### **Mask of Eaklides** 15 points

*Greatest among the storied heroes of the City States, Eaklides of Tauria could not be felled in*

*honourable combat. When a cowardly arrow took his life at the battle of Aella, his death shattered the spirit of his forces. While his body would eventually be recovered through the heroic efforts of his Companions, his panoply was plundered and lost. His masked helm has changed hands countless times since then, a mark of excellence... and doom.*

The Character re-rolls Defence Rolls of 6.

## WEAPONS

### The Kiss Farewell

**30pts**

*Commissioned by the Countess Isidold de Leona in 481 P.R., this one-of-a-kind crossbow was designed to make the impossible shot needed for the assassination of her husband in his office. It has since changed hands repeatedly, sold or even hired for similar feats.*

The Character Stand gains the Barrage 3 (24", Deadly Shot) Special Rule. If the Character Stand already has the Barrage Rule it receives an additional +3 to its Barrage value and the Deadly Shot Special Rule. Range remains unaffected.

### Caledburn

**15 points**

*The sword of the first Cadeyrn, Arktus the Bear, used to defeat each of the other Breannan Kings in ritual duel. While many claim ownership through distant relations, the sword seems to disappear and resurface time and again, always in the hands of a worthy bearer.*

The Character re-rolls failed To Hit Rolls and opponents must re-roll successful Injury Rolls in a Duel.

### Laurean Lance

**10 points**

*Awarded to the victor of the Klæaan Trials, Laurean lances are a very rare sight on the field. Not only must the bearer win a course at the Trials, he must also turn down the invitation to join the Orders that follows victory.*

The Character re-rolls failed To Hit Rolls when making Impact Hits and gains Brutal Impact (2).

### The Flesh Cleaver

**10 points**

*When Charles Armatellum walked from the Sealed Temple to negotiate peace with the living god of the W'adrhún, he returned with peace, and this axe. Carved from a single piece of obsidian, few are capable of wielding it... fewer still of withstanding it.*

The Character re-rolls failed To Hit Rolls when performing a Clash against a Stand of Monsters.

### The Unwrought

**10 points**

*Terribly misnamed, as the sword is entirely finished, this blade has nonetheless never lost the heat of its forging. Kept in a stone scabbard, the Unwrought is a terrible sight once drawn, and its hungry blaze has devoured lives by the dozen. Many reports claim that this weapon is not unique, but only one of many that participated in the Nord Ragnarök, fuelling their hatred for the southern "Fire-Children".*

The Character re-rolls failed To Hit Rolls when performing a Clash against a Stand of Brutes.

## TALISMANS

### Eye of Akelus

**30 points**

*The Akelus, the legendary huntsman, was admired for his unparalleled accuracy and tracking prowess. Admiration quickly turned into fear as Akelus was consumed by the Wild and made prey of civilized people. His Eye, now a Deist Relic venerating the Beast Aspect, was encased in crystal to be preserved.*

The Character has the following Supremacy Ability: Until end of Turn, all friendly Regiments within 6" have +1 Volley.

### Finite-State Apparatus

**30 points**

*Designed by the Universita Mantica Molonovka, the Finite-State Apparatus, also known as "flux bomb", encases a stable but sensitive mix of all four elements in constant flux. When an outside source of imbalance, such as a spell, disrupts the flux, the bomb erupts, attempting to re-establish the balanced state.*

Once per game, the Character Stand counts

as a Spellcaster for purposes of “Enemy Interference”. Enemies within 8” cast spells with three less dice rather than the usual one.

**Heraldry of Lion’s Mane** **10 points**

*Following the collapse of the Empire, many of the centralized reforms the Emperors imposed on heraldry have fallen by the wayside. The hatching of the Lion’s Mane, however, remains a heraldic device none but the most reckless will bear on their heraldry, lest they incur the wrath of one who has truly earned it.*

The Character has the Fearless special rule.

**Lady’s Favour** **10 points**

*Whether due to sheer inspiration or simply the weight of tradition, few can argue that a knight bearing a Lady’s Favour in battle is often driven beyond his mortal limits.*

The first time the Character’s Stand (not the Character’s Regiment, unless they are one and the same) suffers a Wound, roll a D6. On a score of 2+, the Wound is Healed.

**ARCANE**

**Hopes and Prayers** **30pts**  
**(Theist Priest Only)**

*In a ritual before battle, Priests of the faithful gather the prayers of their parish and wear them, long parchments that adorn their robes. Contrary to popular belief among the skeptics, it would appear that they actually work, their power seemingly unlimited.*

Once per game, when the Character Stand would be reduced to 0 Wounds or less, it is returned to the battlefield with 1 Wound remaining at the end of that Activation.

**Elysian Fragment** **25 points**

*These mystical fragments are said to be shattered remnants of the Shepard’s Palace that crashed onto Capitas during the Fall. If they are brought near one’s ear, one can still hear the prayers of the faithful, trapped in the glass. Breaking the gem releases these faint whispers into an overwhelming crescendo of power.*

The Character has the following Supremacy Ability: Until end of Turn, this Stand has the Smite special rule.

**Olefant’s Roar** **20 points**

*Charles Armatellum’s squire was present in all but one of his battles, yet only his nickname, Olefant, is remembered. While not an official part of the Imperial Regalia, Olefant’s Roar, the ornate oliphant horn he carried, is kept with them.*

The Character has the Seize the Day Draw Event.

**Chapter Scroll** **15pts**  
**(Chapter Mage only)**

*It is a fundamental law of magic that one can only perform works compatible to the element(s) they are Gifted in. The mere design, if not the frequency of appearance, of scrolls which allow this limitation to be bypassed serves as an alarming testament to the stiff competition between not only Mages as individuals, but also entire Chapters as institutions, vying for favor and power.*

Select 1 Spell from a different School to be cast once per game as an Action.

## MASTERIES

*In addition to selecting Masteries from the common list in page 194, you may also choose from the following:*

### TACTICAL

#### **Captain of the Garrison            35 points** **(Imperial Officer Only)**

At the beginning of deployment, choose on Regiment of Mercenary Crossbowmen. That Regiment gains the Forward Deployment Special Rule.

#### **Trained in Trigonometry            15 points**

The Character and any Regiment they have joined gain the Arching Fire Special Rule.

### COMBAT

#### **Wedge!                                    30 points** **(Priory Commander or Noble Lord only)**

The Character exchanges their Supremacy Ability with the following Supremacy Ability: The Character and all regiments within 6" gain the Linebreaker Special Rule.

### ARCANE

#### **Death Cult                                20 points** **(Theist Priest Only)**

The Character and any Devout Regiment they have joined gain the Aura of Death Special Rule.

#### **Mystical Wards                         15 points**

The Character and any Regiment they have joined gain the Resist Decay (1) Special Rule and rerolls all Injury rolls caused by the Aura of Death Special Rule.
