- If Declined, the Enemy [CHARACTER] becomes Broken!
- If Accepted, Place this [CHARACTER] within the Engagement Range of the Enemy by the shortest distance. Both [CHARACTER]s may only be Engaged or Targeted by their Duel opponent.

### ACTIONS

#### OUT-OF-COMBAT

**MARCH:** This Warrior Moves up to its March Characteristic.

If this Warrior Moves in a singular straight line into Enemy Engagement it is considered a Charge and this Warrior becomes **Inspired!** this Activation. A Warrior may only Charge once per Activation.

During subsequent March Actions, this Warrior may only Move half their March Characteristic (rounding up).

**TAKE AIM:** This Warrior becomes **Aimed!** this Activation.

**VOLLEY:** This Warrior Targets a single Enemy within this Warrior's Barrage Range and Line of Sight. This Warrior then Rolls Attacks equal to their Barrage Special Rule. This Warrior then assigns Hits equal to their Volley Characteristic to the Target Enemy.

**RALLY:** May only be performed while **Broken!** This Warrior Rallies.

#### IN COMBAT

**REPOSITION:** This Warrior Moves up to half its March Characteristic (rounding up). If this Warrior leaves any Enemy Engagement Ranges they become **Broken!**

**INSPIRE:** This Warrior becomes **Inspired!** this Activation.

**CLASH:** This Warrior Targets and divides their Attacks amongst Enemies within Engagement Range. Resolve Attacks separately against each Target individually. This Warrior assigns Hits against each Target Enemy up to this Warrior's Clash Characteristic.

**COMBAT RALLY:** May only be performed while **Broken!** This Warrior Rallies, then must immediately take a single Resolve test. If Passed, they may continue their Activation as normal. If Failed, their Activation immediately ends.
