# WEAVER COURTS

Para  
Bellum  
WARGAMES

*Beware! Beware! Beyond go ne'er the green and brown gate!*

*For once inside, you cannot hide, the Forest Things await...*

– Braeonian Rhyme

*The Weavers embraced this world as a new home, a treasure and a charge in equal measure. Today, after centuries of isolation, a tapestry of life and color is woven in their lands of Faerann, as the leaders of their season Courts eye beyond their borders with renewed interest...*

*Far to the west of the Hundred Kingdoms, beyond the Cairngall Range to the north and the Bitter Sea to the south, lies a primeval land, where the calls of exotic birds and the ceaseless rustle of leaves mark the edge of man's domain. Deep within these lands, known to its inhabitants as the Faerann, the Weaver Courts, ancient cousins of the Spires, hold sway. Split into four seasonal Courts—Spring, Summer, Autumn, and Winter—these two great Exile nations could not be more different.*

*Where the Spires turned their back on their innate gift of Life Binding and twisted it into Biomancy, the Weavers revere it, using it to shape almost every aspect of their culture. Where the Spires look upon Eä as a sacrificial staging point for their successful return to their Homeworld, the Weavers see Eä as a divine gift, and take their duty to nurture and protect it with the utmost seriousness.*

*As with the seasons, the power of each Court waxes and wanes. The Court of Spring has dominated for centuries, having led the restoration of the Faerann after the Fall, the Long Winter, and the Breaking. But centuries of ennui have dulled the luster of their achievements, and the other Courts are growing restless. Intrigues and plots are flying thick and heavy throughout the Courts, and maneuvering has already begun to see which Court shall rise and what agenda they shall pursue.*

# WHAT IS AN ARMY BOOK?

An Army Book serves as your Faction specific Rules companion for Conquest: First Blood. This Book along with the Conquest: First Blood Rulebook will provide you everything you need to Muster and Play your Warband.

This Army Book is divided into the following sections:

- **Army Rules:** Special Rules that affect your entire Warband. These Army Rules define your Faction's playstyle and identify what Battlefield Roles are found within the Army.
- **Warband Composition:** The Slots that each type of Warrior in your Warband fills, the Rules for how many of each Slot can be selected and the maximum number of Warriors per Regiment allowed are determined by the Total Points of your Battle. The Rules for how to Muster your Warband can be found in the Conquest: First Blood Rulebook.
- **Warrior Profiles:** Includes the Points Cost, Characteristics, Special Rules, and Options for each type of Warrior in your Warband.
- **Upgrades:** Artefacts, trinkets, mutations, and anything in between! Upgrades are used to customize the Characters in your Warband.

# ARMY RULES

**THE FAERANN:** Warriors of the Weaver Courts will possess any of the following Battlefield Roles: [SPRING], [SUMMER], [AUTUMN], [WINTER], or [FAE].

**WEALDKIN:** Warriors of the Weaver Courts ignore the penalties of Hindering Terrain and Broken Ground.

**FAE-FOLK:** While within 3” of a Bloom Marker, [FAE] Warriors gain the Battlefield Role of the current Ascendant Season of the Cycle of Seasons. *Ex. During a Round that Autumn is in Ascendancy, all Fae Warriors within 3” of any Bloom Markers gain the Autumn Battlefield Role and will therefore benefit from the Sil Tafain.*

**CYCLE OF SEASONS:** At the start of the Battle, select a Season from the Battlefield Roles of a Warlord in your Warband to be in Ascendancy. If a Warlord has the [FAE] Battlefield Role, you instead choose which Season begins the Battle in Ascendancy. At the start of each subsequent Round, the Season progresses forwards in the following cycle in repetition following the current Season. The Season in Ascendancy dictates the benefits from the Sil Tafain your Warriors receive.

-> Spring -> Summer -> Autumn -> Winter ->

**THE SIL TAFAIN:** The current Season of the Cycle of Seasons determines which Warriors will be affected by the Sil Tafain and what benefit they will receive. A Warrior only benefits from the Sil Tafain if they have the Battlefield Role of the Ascendant Season.

**Spring:** +1 March

**Summer:** +1 Evasion

**Autumn:** +1 Attack

**Winter:** +1 Resolve

**REAP & SOW:** Once per Activation, whenever a Friendly [CHARACTER] Slays an Enemy, Place a **Seed Marker** centered directly under where that Enemy’s base was. **Seed Markers** are represented with a Marker about 1” in diameter (such as an Infantry Base) and are ignored for Movement and Line of Sight. During the Command Phase, all **Seed Markers** Bloom; replace all **Seed Markers** with **Bloom Markers**. All **Bloom Markers** are removed at the end of the Round.

**OVERGROWTH:** All Enemies within 3” of any **Bloom Markers** must Re-Roll all Block Rolls of ‘1’.

# THE WEAVER COURTS WARBAND

Each Warlord, Hero, Regiment, and Monster in your Warband possess their own corresponding Profile. These include their Characteristics, Points Cost, Battlefield Roles, and Options for Upgrades, Command Models, and Additional Warriors.

All Profiles are categorized into Slots, which represent the Warrior's role, rarity, and how readily available they are to include in your Warband. Each Warlord, Hero, Regiment or Monster may only be included in your Warband once regardless of their Slot.

Many Warlords have a Retinue listed in their profile; drawn from their most trusted and loyal Warriors. When included in your Warband, the Retinue Regiment becomes a Mainstay instead of a Restricted.

The Points total of your Warband determines the maximum number of selections for each Slot. and how many Warriors may be included within each Regiment.

The Rules for Mustering your Warband can be found in the Main Rulebook.

**SPECIAL RULES:** Dodge, Living Arrows, Bloomshot, Barrage 3 (12"), Sureshot

The kith-bands of the Weavers operate on a completely different structure to the formalized and often labyrinthine structure of the Seasonal Courts themselves. Leadership is earned by acclaim, an egalitarian process which has served them well for centuries.

Taking their name from the communal abodes of their people, the Sidhe – chieftains – are tasked with the security of their tribe. The Rhun Sidhe are the eyes and ears of their people, chosen from the best woodsmen and marksmen of their tribe and tasked with finding trouble before it finds the band.

When they strike, they do so suddenly and fiercely, using their superior knowledge of the land to aid their people in combat.

SPECIAL RULES: Dodge, Vanguard, Barrage 1 (12")

OPTIONS: Leader ..... 15 Points  
 Additional Warrior..... 25 Points

*Kern skirmishers form the backbone of most Weaver forces. Drawn from the extended kith-bands of the Weaver Courts these skilled warriors, equally deadly with the bow and blade, can take advantage of any opening in the opponent's line, equally comfortable staying back and pelting the enemy with seed tipped arrows or rushing in to exploit the gaps created by the willy Weaver forces.*

# WILL-O-WISPS

RECRUITMENT: 1 Warrior

**SPECIAL RULES:** Lethal Demise 3, Swarm, Fly, Feral, Fungal Veil, Weeping Spores

**OPTIONS:** Additional Warrior.....40 Points

*The greatest, and perhaps most dangerous, goal of the Weaver Courts is their dream to make Ea a paradise, a dream realm where all strands of life work in perfect harmony together.*

*The awakening of the Whisper has heralded a new age in this regard, but long before this sentience emerged, the Will o'Wisps danced through the glades and bogs of the Faerann. Not sentient, but clearly with purpose, these beings are understood to protect the forest.*

*When danger arrives, they swarm to it, their coiling tentacles and noxious vapors hindering the foe while leaving the weavers entirely untroubled, much like they knew what the foreign body is, and who their allies are.*

## UNIQUE SPECIAL RULES:

**FUNGAL VEIL:** Friendly Warriors ignore this Warrior when determining Line of Sight. Friendly Volley Actions that draw Line of Sight through this Warrior gain the **Deadly Shot** Special Rule.

**WEeping SPORES:** When this Warrior is Slain, Place a **Seed Marker** centered where it was Slain.

# MORROWEN

**SPECIAL RULES:** Phalanx, Support, Cleave 1, Oblivious, Force of Nature, Hive Mind

**OPTIONS:** Leader .....20 Points  
 Additional Warrior.....30 Points

*All of the Courts look to the Morrowen and their Hive Queens with distrust, even Spring, their titular liege lords. Surrendering their will and individuality to the Hive is not a decision taken lightly, but the solace offered in the alien embrace of the Hive has drawn those who are drowned by grief or ennui as well as those enamored with the premise of the perfectly egalitarian society.*

*Desperate times might also see individuals joining the ranks of the Morrowen to protect their loved ones for once their delicate elfin traits are encased in coarse chitinous armor, a 'gift' of their life bound partners, their complete dedication to the cause, coupled with an absolute disregard for the self, make Morrowen terrifying warriors on the battlefield even with minimal training.*

*Their collective consciousness makes a formation of Morrowen react in unison to threats on the battlefield, granting them a cohesion and discipline other units cannot hope to match.*

## UNIQUE SPECIAL RULES:

**FORCE OF NATURE:** While Spring is in Ascendancy, this Warrior gains the Dauntless Special Rule.

**HIVE MIND:** This Warrior is always considered within Command Range of your Warlords.

**SPECIAL RULES:** Elusive, Fly, Gale Rush, Barrage 2 (12"), Armor Piercing 1

**OPTIONS:** Leader .....20 Points  
 Additional Warrior.....70 Points

*Lunopeth Moths were tamed and bound millennia ago by the Weaver Courts. Long lines of these night flyers have been life-bound to the weavers for so long, they are now an inseparable part of their society.*

*The tangled terrain and verticality of the Weaver Domains lends itself to flying mounts. Their delicate bodies do not lend themselves well to the rigors of combat, but the Weavers have compensated for this, arming their riders with ranged weapons.*

*The Sciathan Riders go to combat armed with cunningly wrought arbalests they can fire while on the wing, harrying the foe without exposing themselves to danger.*

## UNIQUE SPECIAL RULES:

**GALE RUSH:** Whenever this Warrior Slays an Enemy with a Volley Action, this Warrior may immediately perform a free March Action.

**SPECIAL RULES:** Deadly Blades, Flurry, Flank, Swarming Strikes, Crypsis

**OPTIONS:** Leader .....20 Points  
 Additional Warrior.....35 Points

*The natural exuberance is Spring has been tempered by the conflict of Summer, and Autumn comes to deliver the culling that the depth of Winter might arrive undisturbed.*

*Epitomizing the values of Autumn, the Scathach Hunters herald the end of the cycle. Cunning and patient hunters, they can exploit any distraction, any cover to close with their foe.*

*Once within range, they strike with a ferocity that their natural grace belies, taking down their surprised foe with ruthless efficiency before vanishing again, hiding in the chaos of battle as they seek their next target.*

## UNIQUE SPECIAL RULES:

5	0	2	4	6	2	3	0	3

**SPECIAL RULES:** Shield, Pavise, Relentless Blows, Take Root, Verdant Boughs

**OPTIONS:** Additional Warrior..... 100 Points

*Mortals have long argued that it is hard to understand where the Forest ends and the Weavers begins. Crann Guardians are perhaps the clearest embodiment of this.*

*These are not Lifebound Weavers, but rather actual trees awakened by the Whisper, a communal sentience of the Forest forged by those Weavers who voluntarily end their life due to pain, exhaustion or sheer age by interning themselves within its living boughs.*

*Lacking organs and tapping directly into the power of the Faerann, these cumbersome warriors are nigh unstoppable.*

## UNIQUE SPECIAL RULES:

**TAKE ROOT:** Until this Warrior Activates During a Round, this Warrior gains the **Bastion** Special Rule.

**VERDANT BOUGHS:** Warriors (Friendly and Enemy) within 1" of this Warrior count as being within Range of a **Bloom Marker**.

**SPECIAL RULES:** Juggernaut, Fearless, Fiend Hunter, Cleave 3, Grove Guard

**OPTIONS:** Additional Warrior..... 130 Points

*Born in the earliest times of Weaver culture, Gallowglass Warriors are a rarity among Weaver forces as lifeforms elevated and awakened through Lifebinding. Their purpose, since time immemorial, has been singular: delivering relentless violence against the enemy.*

*Born in the bloody civil war that rent the Weaver forces following the Schism, Gallowglass Warriors exist only to deliver bloodshed and mayhem in the battlefield, a role they have bonded and bred for millenia.*

## UNIQUE SPECIAL RULES:

**GROVE GUARD:** While within range of a Friendly Bloom Marker, this Warrior gains the **Smite** Special Rule.

# GALLOWGLASS WARDENS

**SPECIAL RULES:** Juggernaut, Iron Discipline, Cleave 1, Ciaróg Catapult

**OPTIONS:** Additional Warrior..... 125 Points

*Born in the bloody civil war that rent the Weaver forces following the Schism, Gallowglass Wardens are deployed in sensitive locations to dissuade trespassers. Conditioned for ranged combat, their response is triggered by the number of seed tokens the opponent has. The more of a threat it is, the more dangerous a projectile the Warden knows to use...*

## UNIQUE SPECIAL RULES:

**CIARÓG CATAPULT:** (Unique Volley Action) Place a Seed Marker wholly within 8" of this Warrior. All Warriors (Friendly and Enemy) within 3" of this Marker suffer 1 Hit. If any Enemies are Slain from these Hits, the Seed Marker is immediately replaced with a Bloom Marker.

**OPTIONS:** Leader .....30 Points  
 Additional Warrior..... 150 Points

*Many look upon the Court of Winter and see only arrogance, cruelty and brutality. Others argue that Winter is as it must be: cold, ruthless and harsh. Gemred Knights guard the desolate northern frontiers of the Faerann in such small numbers that they must become the very personification of all of these traits: cruel, brutal, cold, ruthless and harsh. The arrogance is there simply due to their terrifying effectiveness.*

## UNIQUE SPECIAL RULES:

**HOARFROST:** While Winter is in Ascendancy, this Warrior gains the Dread Special Rule.

**FRIGID ARROGANCE:** (Draw Event) This Warrior may immediately perform the Duel Command Ability as if they were a [CHARACTER].

*Among the myriad forms of war and violence that can be found within the Court of Summer, Scaile Dancers stand out as the most beautiful... and deadly. Their iridescent wings, compound eyes, preternatural reflexes and whip-like swords meld into a deadly display of acrobatic prowess, making it look like they dance among their foes, rather than fight. The trail of red ruin they leave in their wake belies this illusion.*

## UNIQUE SPECIAL RULES:

**HEAT OF THE MOMENT:** While Summer is in Ascendancy, this Warrior gains the **Burnout** Special Rule.

**THORNED LASH:** Enemies Engaged with this Warrior gain no benefit from the **Shield** Special Rule.

*Lunopeth Moths were tamed and bound millennia ago by the Weaver Courts. Long lines of these night flyers have been life-bound to the weavers for so long, they are now an inseparable part of their society.*

*The tangled terrain and verticality of the Weaver Domains lends itself to flying mounts. Their delicate bodies do not lend themselves well to the rigors of combat, but the Weavers have compensated for this, arming their riders with ranged weapons.*

Though fragmented and confusing, the breadth of their knowledge of the Faerann and history are without peer. Proud and unyielding, Coill Draics can be recruited in the defense of the Faerann, especially if their Domain is threatened, unlike the more innocent Scoth Draic, who have to be cajoled and tricked into battle.*

**SPECIAL RULES:** Cleave 3, Fly, Feral, Terrifying, Verdant Vessel, Rampant Growth

*The Weaver Courts remember the Days of Fire and Ash, when the heavens shook and mountains tumbled and the Dweghom rose for a completely different reason: that's the day the True Dragons vanished. In their stead, appeared the Draics... curious dracoforms born of the very life force of the Ferann, given form by...something.*

*Scoth Draci are creatures of pure life and renewal, their mere presence awakening the land and vegetation near them. Possessing no more intellect than a puppy, they share their curiosity and playfulness, often living with an extended kith band, their gifts used to enhance the yield of crops and shape the trees themselves into abodes.*
