From the Void to Life

To exist is to struggle

-Apotheosis

After eons of torment in the Elemental Cores, legions of the Abyssal Host ascend once more to the paradise of the Material world, renewed, refocused and enlightened through the Five-Fold Path of their ascension.

Eons ago, at the end of the War of Hosts, the Elder Dragons stood triumphant over the Four Horsemen. Understanding their eternal nature, they bound the Horsemen and shattered their former ally, Conquest, scattering It across the cosmos. But while the fate of these eternal entities is well known to those few that concern themselves with such things, the fate of the foot soldiers of this conflict has long been ignored and forgotten.

There they remained for centuries, occasionally peering into the heavens above – witnessing, a rare occurrence, the greatest amongst them making the sudden epiphany that allowed them to move on, ascending to the heavens, but destined, as a people, never to set foot on its hallowed grounds.

Until now.

Through the folly of mortals and in their hubris to reach for heavens higher than theirs, the ceiling above the Way... cracked. A thread was pulled from the Mantle that separates and filters the Elemental Domains, and the veil was weakened. Countless Eons of significance and devotion have granted the Eternal Pagoda such a powerful presence that in this ripple of the Mantle, its highest layers now escape the elemental bowels of Balance. Following that thread, the Yoroni can, for the first time, cross in numbers, allowing the most enlightened to step through into their long-promised heaven: the world of mortals.

WHAT IS AN ARMY BOOK?

An Army Book serves as your Faction specific Rules companion for Conquest: First Blood. This Book along with the Conquest: First Blood Rulebook will provide you everything you need to Muster and Play your Warband.

This Army Book is divided into the following sections:

- **Army Rules:** Special Rules that affect your entire Warband. These Army Rules define your Faction's playstyle and identify what Battlefield Roles are found within the Army.
- **Warband Composition:** The Slots that each type of Warrior in your Warband fills, the Rules for how many of each Slot can be selected and the maximum number of Warriors per Regiment allowed are determined by the Total Points of your Battle. The Rules for how to Muster your Warband can be found in the Conquest: First Blood Rulebook.
- **Warrior Profiles:** Includes the Points Cost, Characteristics, Special Rules, and Options for each type of Warrior in your Warband.
- **Upgrades:** Artefacts, trinkets, mutations, and anything in between! Upgrades are used to customize the Characters in your Warband.

ARMY RULES

THE FIVE-FOLD PATH: The fierce and noble Yoroni embody the power of the Elements in their most absolute. Although differing greatly in form, the Yoroni travel into the mortal plane seeking enlightenment through battle. The Warriors of the Yoroni will possess any of the following Battlefield Roles: [KA], [CHI], [FU], [SUI], or [MU].

SPIRIT BAND: Leaders of the Yoroni may affect all Friendly Warriors with Command Abilities, not just those belonging to their Regiment.

IDEAL CARDS: The Warriors of the Yoroni do not possess regular Command Cards specific to their Profile. Instead the Command Cards of the Yoroni are of their Battlefield Role, namesake of the Ideal they represent. Any Command Card may be used to Activate any Friendly Regiment. During each Victory Phase if all Warriors of the same Profile are Slain, remove a single Command Card of their Ideal. When revealing a Command Card during the Deployment Phase, Place all Warriors of the corresponding Ideal from the same Profile. *Example: The Yoroni player Reveals a Chi Command Card, either their Oyabun or Kami Ayakashi may be Placed from it.*

HONOURED IDEALS: When a Warrior is Activated, they gain a Special Rule depending on which Ideal Card was used to Activate them. The Special Rule lasts until the end of their Activation.

KA- Overwhelm

CHI- Bravery

FU- Overrun

SUI- Regeneration

MU- Aura of Death +1

THE YORONI WARBAND

Each Warlord, Hero, Regiment, and Monster in your Warband possess their own corresponding Profile. These include their Characteristics, Points Cost, Battlefield Roles, and Options for Upgrades, Command Models, and Additional Warriors.

All Profiles are categorized into Slots, which represent the Warrior's role, rarity, and how readily available they are to include in your Warband. Each Warlord, Hero, Regiment or Monster may only be included in your Warband once regardless of their Slot.

Many Warlords have a Retinue listed in their profile; drawn from their most trusted and loyal Warriors. When included in your Warband, the Retinue Regiment becomes a Mainstay instead of a Restricted.

The Points total of your Warband determines the maximum number of selections for each Slot. and how many Warriors may be included within each Regiment.

The Rules for Mustering your Warband can be found in the Main Rulebook.

Imagine the heights of perfection one must reach to establish his supremacy among immortal beings who dedicate themselves to enlightenment. Imagine the political acumen and etiquette this individual must possess to unite those who acknowledge no master.

While the path to the top within the Yoroni realms is fraught with dangers, those who reach its pinnacle are secure. They are protected by their own excellence and the loyalty of their followers. If all else fails, they are safeguarded by their supernatural mastery of the blade, which they often display to the crude and unworthy.

SPECIAL RULES: Cleave 3, Indomitable, Gokudo

Establishing oneself as the leader among the Ayakashi takes a level of savagery, will, and sheer ruthless cunning that very few can match.

These local warlords command the loyalty of their troops through success and bribery, distributing plunder and largesse among their followers at the expense of whomever they wish. Predatory and fickle, these oxymoronic individuals can be an ally one day and a foe the next.

To their foes and followers, their whims are ironclad rules, and their prowess stands as the only excuse they need to take what they will.

UNIQUE SPECIAL RULES:

GOKUDO: Enemies within Engagement Range may only Target this [CHARACTER] with Clash Actions.

COMMAND ABILITIES:

ETERNAL MOUNTAIN: Friendly Warriors within Command Range gain the Bastion Special Rule.

IMMORTAL WILL: Friendly [CHI] Warriors within Command Range gain the Oblivious Special Rule.

SPECIAL RULES: Dodge, Flank, Intonjutsu, Barrage 3 (8"), Deadly Shot

Among the Yoroni, there exist those exemplary individuals who have transcended their origins and have internalized the lessons of more than one realm. Kitsune are amongst the most visible of these rare individuals, beings of mist and dream born of the unfettered winds and tranquil waters of the Reikai.

Kitsune Bakasu are most comfortable with the unshackled nature of the wind, allowing these capricious and mischievous spirits to change forms and strike from unseen angles, placing themselves in pivotal roles time and time again. For these consummate artists, the battlefield is but another place where they can express the drama of the sudden betrayal or catastrophic luck, with themselves as the embodiment of it to their foes.

UNIQUE SPECIAL RULES:

INTONJUTSU: (Out of Combat Action) Place this [CHARACTER] within Engagement Range of a Broken! Enemy anywhere on the Battlefield.

COMMAND ABILITIES:

NINJUTSU: Friendly Warriors within Command Range gain the Opportunist Special Rule.

SPECIAL RULES: Spellcaster 3, Elusive, Kototamagaku, Flow of Battle

Those Kitsune who embrace the spirit of water over the capricious nature of wind are the closest the Yoroni have to a priesthood. Embracing the art of Kotodama, the power of names, these serene figures seek to allow those Yoroni who possess the enlightenment but lack the power to part the veil to do so through the inscription of their name.

The more powerful the spirit, the sturdier and longer-lasting the summoning. For the least of them, the innumerable souls broken too far by the travails of the elemental bells, an incantation of their name allows them to peer into the prime Domain and make their presence felt, empowering allies and hexing foes as they manifest themselves, making these figures much sought after on the field of battle, where one incantation can doom an enemy to misfortune or propel an ally into glory.

UNIQUE SPECIAL RULES:

KOTOTAMAGAKU: Whenever an Ideal Card is used to Activate a Friendly Profile with the same Ideal, gain 1 Essence.

FLOW OF BATTLE: [SUI] Warriors within Command Range gain the Support Special Rule.

UNIQUE SPECIAL RULES:

A THOUSAND-CUTS: Hits of '1' caused by this Warrior's Lethal Demise Special Rule cannot be Blocked.

While Domaru-damashi represent the greatest fallen warriors of the Yoroni, the nameless and featureless Origami Warriors represent the boiling, endless mass of Yoroni who simply lack the power and enlightenment to pierce the Veil.

The art of Kotodama allows the Onmyoji to inscribe dozens of names upon a massive sheet of paper, where working together, these lesser entities can interact with the Prime Domain. Grateful to escape their hellish environs, the intelligences that empire the Origami warriors are willing to take all manner of dangerous and unseemly tasks for their masters, providing the bulk of the manpower and workforce for the Bakufu and its Daimyos.

In fact the wealth of a Yoroni realm is measured in the number of Origami constructs it controls and generates, kami.

OPTIONS: Leader25 Points
 Additional Warrior.....90 Points

UNIQUE SPECIAL RULES:

RAGE UNBOUND: While Wounded, this Warrior gains the Burnout Special Rule.

Standing well over 7 feet tall, the Oni are a terrifying sight to behold. Their powerful frames are capable of incredible feats of strength and savagery, matching the realm they were born from.

While most of the time this explosive power is tamed behind the strict codes of the Bushi and its Enlightenment, those who follow the path of the Ayakashi care little for such restraints. These powerful warriors have attained Paradise after an eternity of torment and sacrifice and now revel in it.

Their discipline has given way to impulsiveness; their strict code of honor has become one of personal exploration and gratification. Their wild, untamed nature makes them a valuable asset on the field of battle, where their savagery and aggression shine.

SPECIAL RULES: Elusive, Zanshin, Barrage 2 (12"), Rapid Volley

OPTIONS: Leader20 Points
 Additional Warrior.....80 Points

Exemplifying the capriciousness and savagery of their unbridled realm, the Tengu Ayakashi have given in to their predatory instincts. The thrill of the hunt and the confirmation of their own skill is what drives these fearsome marksmen. Sometimes traveling in flocks, sometimes traveling alone, these terrifying incarnations of the winds merciless nature live the life of the bandit, taking what they want from whom they want, much like other Ayakashi.

UNIQUE SPECIAL RULES:

ZANSHIN: When this Warrior performs the Take Aim Action, this Warrior may immediately Move up to half their March Characteristic. (rounding up)

 Additional Warrior..... 110 Points

UNIQUE SPECIAL RULES:

TSUKITAOSHI: Whenever this Warrior causes an Enemy of an equal Size or smaller to be Driven Back; instead of being Moved, you may Place the Enemy anywhere within Engagement Range.

What is the point of power if it is not exercised? Kami who follow the path of the Ayakashi revel in the power their realm has granted them, leading to swollen and might-infused forms. Capable of consuming unfathomable amounts of food and drink, especially drink, and wading into combat with no regard for the blades of their foes, Kami are equally likely to engage in either.

Slow and ponderous, their powerful bodies can shrug off the blows of their foes as they assert their dominance of the field, overwhelming their enemies with crushing ease.

SPECIAL RULES: Swarm, Feral, Dread, Mischevious

OPTIONS: Additional Warrior.....60 Points

UNIQUE SPECIAL RULES:

MISCHEVIOUS: Enemies Engaged with this Warrior cannot perform the Reposition Action.

Not all Yoroni succeed at attaining the pinnacle of the Five Fold Path. Some are simply too reduced, too weakened by their ordeal to reach the top. Stranded halfway, these weakened and reduced souls would be doomed to an eternity trapped within the Eternal Pagoda were it not for the efforts of the Kototamagaku.

These skilled practitioners are capable of calling forth these weakened spirits by invoking their name, aiding them in crossing over to the Prime domain even in their weakened form.

Thus reduced, these pitiful remnants lack the raw power of the Yoroni who cross on their own, but make up for it in sheer numbers and the boundless exuberance for even a brief respite in the Prime domain is enough to empower these souls, invigorating them to return to the Five Fold Path with a vengeance and attain its peak, crossing forth on their own.

Fast, mercurial, precise and curious, the Tengu Bushi exemplify the virtues of their realm. Tempering their unparalleled swiftness and precision with the path of the Bushi, they have become the foremost swordsmen amongst the Yoroni. Their light bodies dance on the wind as they deliver righteous slaughter against the foes of their lord, their skill such that they consider it a failure when the foes' blood touches them, let alone a blade.

UNIQUE SPECIAL RULES:

TESSENJUTSU: After an Enemy performs a Clash Action against this Warrior, this Warrior may choose to be Driven Back from the attacker.

Their ceaseless efforts to understand the unified nature of the Prime and their own adaptable nature have allowed these warrior ascetics the ability to temporarily embrace the Epiphanies of the other realms, making them some of the most feared and versatile warriors in the Domains.

Channeling their Enlightenment to suit the situation, these versatile warriors can adapt their fighting style, whether it is sweeping away the foe or resisting their attacks until relief arrives.

UNIQUE SPECIAL RULES:

MARTIAL TRANQUILITY: When this Warrior is Activated, they may choose to gain the benefit of any other Honoured Ideal instead of that from which they were Activated from. Each Warrior within this Regiment may each choose an Honoured Ideal separately.

While technically immortal spirits, the destruction of a Yoroni's form is still a terrible fate, for they are cast once more into the elemental bells, a traumatic ordeal that can well cost these proud spirits their precious enlightenment and power, meaning it can take centuries for them to ascend back into the Prime Domain.

The Onmyoji have found a way to accelerate this process for the greatest warriors of the Yoroni. By recovering their armor and inscribing their true name, these ancient warriors can once more take to the field of battle, aiding their incarnated allies while earning Enlightenment and merit, which accelerate their ascension.

Truly immortal and fearing nothing, the wisp-like remnants of these warriors routinely sacrifice themselves for their peers, saving lives and earning greater merit, accelerating their Enlightenment.

UNIQUE SPECIAL RULES:

SPIRIT UNBROKEN: Whenever this Warrior Passes a Resolve Test, all Enemies within Engagement Range may immediately be Driven Back.

Slicing through the mortal flesh of their foes is no challenge at all for these roving calamities. Greatest among the Yoroni are those who seek to emulate the path of Shuten-doji, the first of their path to walk and master the path of Enlightenment. Each of these brave souls must walk the path of the realms twice, once as a Bushi, seeking enlightenment from the noble ideas of their Path, and another as an Ayakashi, seeking enlightenment through self gratification.

While none have yet managed to replicate this legendary achievement, many of the greatest among the Yoroni continue to try this lonely path.
