REQUIREMENTS

Players are expected to bring fully painted armies assembled with PB models along with the right Command Cards, Set of dice and measurement tools as per our [Tournament Rules](#). Should you experience any issues collecting the necessary accessory materials you can reach out to the rules email and we will try to accomodate you as best we can.

SCENARIOS

Players will play 4 Rounds the Scenarios for which will be chosen from the following 6. Scenarios will be announced shortly before the Round starts.

- **Flames of Conquest**
- **Declined Flank**
- **Melee**
- **Grind them Down**
- **Seek and Destroy**
- **Head to Head**

Each Round will be 3 hours long and is expected to run to completion. Should players do not finish the game by the 3 hour mark, the two Judges - Pawel and Mateusz - will come to the table and help players simulate the game to the end. This is to ensure that high level play is rewarded and time will not affect the outcome of a game.

PAIRINGS

Friendly Fire will be used for 1st Round pairings. Even though this is the World Finals we want to ensure that you didn't travel across the world to play with people you've played before. However normal, ranking-based pairings will be used from the 2nd Round onwards. Pairings will be determined by the Conquest PB Companion app and will not be altered or edited under any circumstances.

DECORUM & SPORTSMANSHIP

Conquest World Finals represent the premier level of Conquest competition - where all your games, preparation, and hard work culminated in an invitation to Greece. However, above all else, we believe that such an invitation must never come at the expense of integrity, fairness, or respect for fellow players and the wider Community.

An invitation to Chios is extended as a recognition of one's skills but also of their ethos. In other words, if you are respectful, mindful of your actions throughout the event and Organized Play program in general, and committed to fostering an inclusive environment, you embody what it means to be a Conquest Champion.

To this end we expect to see players following the rules of the game, not bending or abusing the rules, respecting the Judges' decisions, be kind and courteous to their opponents and being prepared by knowing your rules and interactions.

Breaking any of the above rules will result in a warning, then a penalty to your current game points and if all else fails disqualification.
