

# First Blood Reinforcements 2026 - Dweghom Assembly Instructions

## READ THIS FIRST

### BEFORE ASSEMBLING YOUR MODEL KIT PLEASE READ THROUGH THE INSTRUCTIONS IN THIS

**BOOKLET CAREFULLY.** A pair of plastic cutters is required to remove the plastic components in this kit from their frame. We advise using a mouldline scraping to clean up the parts. To assemble your model you will need super glue for resin parts or plastic glue for plastic parts.

## SYMBOL EXPLANATION

- |                                                                                                                  |                                                                                                              |                                                                                                      |
|------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------|
|  Special Instruction -Please read |  Do not glue the components |  Rotate part        |
|  Variant assembly                 |  Detail view                |  Glue the component |
|  Stage complete                   |  Repeat process             |                                                                                                      |
